We held our wedding at 1-Flowerhill in January 2025, and it was an unforgettable experience thanks to their amazing team! Joan was an exceptional wedding coordinator, and Rohit, the manager, was incredibly kind and attentive. They took care of everything we needed to make it through the busy night — from ensuring we had food and water to giving us quiet moments alone in the bridal room to recharge.

The entire process was smooth and stress-free, and both my husband and I felt completely at ease. Our guests also raved about how wonderful the experience was.

We'll definitely be recommending 1-Flowerhill to our friends as a wedding venue or even just a cozy spot for a romantic lunch or dinner!

Fell in love with the aesthetics of the1-Flowerhill and decided to have our wedding here! We were introduced to the place by Vivian who was very helpful in explaining the package details and helping us to start the whole process.

Once we confirmed, we were assisted by Shanice and the ops team who were top notch in helping us plan and make amends to our program. They were extremely responsive, helpful and accommodating to our requests.

On the day of the event, the ops team were always around to help us with our stuff and feedback from my guests was that the service was outstanding as well!

Overall we were very pleased with our wedding experience from start to finish and would highly recommend it to anyone who's considering this place!

My hubby and I had our solemnisation and lunch wedding reception at 1-Flowerhill and we were very satisfied by the entire set up and running of our wedding. Special thanks to both Joan and Vivian for guiding us in the planning of our big day! They are prompt in responding to our queries and gave us space to make decisions, not pushy =)

Vivian was forthcoming and transparent in sharing with us on the wedding package and there were no hidden cost. She even accommodated to our impromptu visit to 1-Flowerhill even when it was still under renovation.

Joan, our event coordinator, was very patient and accommodated to our various meal requests of our guests. I also love the customisation of doneness for the tenderloin and menu cards offered, and that required much attention and effort by both Joan and her team! The flower arrangement and menu cards by willowsby sonders were absolutely lovely! Taste of food was superby on the actual day of wedding and our guests were pleased, leaving with happy tummies!

Special thanks to Joan who went all the way out for us! She speedily helped us to print our ceremonial certificate and even helped arrange my wedding dress on actual day. This is a place that I will recommend to my friends if they are looking for an intimate wedding venue for small pax of 80+
