WEDDINGS

An Enchanting Entrance – Flower Dome and Limousine Buggy Experience

For a wedding to impress, guests are ushered via complimentary limousine buggy service to and from the entrance of Gardens by the Bay where they enjoy sweeping views of the Marina Bay waterfront.

Marguerite and Hortus are surrounded by lush Mediterranean gardens that provide stunning settings for your nuptials.

Guests also enjoy complimentary access to the Flower Dome and are welcome to take a stroll through the largest greenhouse in the world, pre or post meal.

Replicating a crisp Mediterranean climate, the Dome features eight gardens filled with exotic flowers and plants from the Mediterranean and semi-arid regions from five different continents.

The Spaces

Together as a whole, M**arguerite** (Level 1) and **Hortus** (Level 2) occupy a dual-level space with the main dining room on the lower level, and a cocktail and solemnisation space on the upper level that celebrates the beauty of an outdoor garden, indoors. Both venues can be booked individually or together.

Marguerite (Level 1) Wedding Lunches & Dinners

Seats up to 50 pax

Set in the iconic Gardens by the Bay Flower Dome, Marguerite was awarded its first Michelin star within the first 8 months of opening.

The restaurant embraces the seasons with tasting menus that celebrate craft, provenance and produce through Contemporary cuisine.

Marguerite sits within a stunning indoor garden space. A trio of kitchen islands provide an element of culinary theatre as guests watch their meal prepared before them.

Hortus (Level 2) Solemnisation & Cocktail Receptions

Seats up to 50 pax

Inspired by the terraces of the Mediterranean and enclosed in our very own private herb and vegetable garden, Hortus provides a perfect venue for cocktail receptions and solemnisation ceremonies. A stunning pergola draped in linen lights up at night.

Exchange vows with nature as your backdrop. Following the ceremony at Hortus and pre-wedding reception at Marguerite, the Flower Dome provides you with picture perfect spots to commemorate your special day. Canapes and cocktail service are optional add-ons.

The Food- Marguerite

Tasting Menus change seasonally and are inspired by nature and the best produce procured at any given time of year. Chef Michael extracts the essence, colours and sentiment of the European seasons onto a plate.

Complementing Marguerite's cuisine is a selection of fine wines and a non-alcoholic temperance beverage programme of clarified juices and fermented jun teas that reveal the same thoughtful complexity as their alcoholic counterparts.

We have a selection of multi-course Omnivore and Herbivore (Vegetarian) Tasting Menus (menus are customisable on request)
