Founder's Profile

Every JP Wedding couple is personally guided by founder Stella Luk, a wedding planner with over 18 years in the bridal industry across Japan and Hong Kong.

After graduating from Tokyo Beauty Art College in Japan in 2010, where she studied Bridal Production and Beauty Coordination, Stella spent five years in Tokyo and worked for approximately three years in the banquet department of the Grand Hyatt Hotel at Roppongi Hills. Through this she gained extensive practical knowledge of wedding day operations and Japanese wedding culture. She returned to Hong Kong in 2010 and has built her career in bridal ever since.

With over 18 years of combined study and professional experience in bridal, Stella is deeply knowledgeable about the wedding industries in both Hong Kong and Japan. JP Wedding was founded to be a bridge between Japan and couples across Asia, and she remains committed to sharing the charm of Japan's wedding culture.
